

## VY-VZ Commodore Gauge Pods

## SIEMENS VDO

## NEW VDO Titanium Gauges

### Features & Benefits

#### Quality

- Gauges are designed and based on the proven & successful VDO "Cockpit Vision" platform.

#### Accuracy

- World class instrument technology for accuracy & performance.

#### Appearance

- Trioptic tru-dial illumination using fibre optic technology to illuminate pointer.

#### Style

- Modern design with an eye catching sports look.

#### Design

- Utilising VDO "Spin-Lock" locking ring - eliminating panel warping & gauge rotation.

## EG 1120

### Gauge Pod includes:

- Voltmeter gauge
- Main wiring loom
- Oil Pressure gauge
- DIY instructions

### Installation kits to suit:

- VY V6 - EA 1120
- VZ V6 - EA 1121
- VY-VZ V8 - EA 1122

### A Gauge pod specifically designed for VY-VZ Commodores.

- Fits all model VY-VZ Commodore for Holden sports vehicle look and function.
- The Pod is made of the same material and colour as the genuine dashboard that will not warp or discolour.
- Gauges are genuine high quality VDO instruments for accuracy and performance.
- Installation kits come complete with all you need for simple "plug n play" installation. No cutting or drilling required.  
Includes: Senders, Adaptors, Loom extension, Cable ties.
- Fitted correctly, this addition will not alter the vehicle's existing warning system.

EG 1121 EG 1122 EG 1123 EG 1124

All gauges come standard with Green, Red and Blue light covers designed to change the light colour of the gauge.
